

# Traffic during Easter 2024

Before the coming Easter, we would like to remind our customers to plan and book deliveries in good time. See general information below with loading days from NTEX for delivery before Easter. Loading during Easter week can, subject to availability of units, take place with arrival after Easter. If there are requirements for specific loading/unloading dates, this must be explicitly specified in the booking. Please check with your local NTEX contact.

Please note that capacity of units and space on ferries is limited during public holidays. NTEX reserves the right in these cases to return with any additional costs as our suppliers have changed lead times and capacity during this period.
