

Border Control Post Fee & Safety Declaration for Shipments to the United Kingdom

Since the United Kingdom left the EU, new customs and security requirements have been introduced in several stages. This means that all goods exported to the UK, regardless of country of origin, must meet security and customs requirements. This also applies *to shipments sent to Ireland via the UK*.

Fees for BCP & Safety Declaration

- ◆ Full trailer shipments: £19.32 / SEK 267
- ◆ Groupage and part-load shipments: £8.48 / SEK 117

These fees cover compliance with the new reporting requirements and ensure smooth handling of goods at border controls.
